

Wov-N-Wire™ Partitioning System

Modular partitions that are easy to move and built to last.

Wov-N-Wire™ partitions are the traditional enclosure system specified by architects and contractors. The tough steel wire is woven to create a durable, high-quality system.

Construction Details – 10-gauge steel wire, woven into an extremely strong, 1-1/2" diamond mesh. Frames, posts, and components are all-steel.

Modular – Component system makes it easy to design a partition of any size, up to 25' in height. Components bolt together quickly. Easily relocated.

Maintenance-Free – Standard gray powder-coating finish is tough and maintenance-free. Other colors available.

PRE-DESIGNED ROOM KITS:

Wov-N-Wire 2-, 3-, and 4-sided room kits are economical and easily installed. Includes a sliding door with cylinder lock and all hardware. Sizes range from 10' x 10' to 30' x 20'. Options include roof or service window.

OPTIONS

- Roof
- Service window
- Keyed-alike cylinder lock
- Double-cylinder lock
- ADA-compliant lock
- Push-button lock
- Electric strike/card reader lock
- Interlock switches
- Crash/panic bars
- Automatic closures
- DEA systems
- Colocation systems
