Panels Align and "Drop" Into Top Brackets

Folding Guard® proudly introduces Drop-N-Lock®.

For even more versatility in machine-guarding fencing, Saf-T-Fence® is now offered in a taller version featuring the Drop-N-Lock® system. This system meets the latest OSHA and ASNI standards, but more importantly, it allows for quick installation and removal, substantially saving on installation and maintenance costs.

- Saves time and money on installation, especially on large-scale fencing.
- Allows for quick removal of panels for maintenance.
- Bracket system stays attached to prevent misplaced hardware.
- Meets requirements for OSHA and the new ANSI safety standard.
- Doors available in a variety of locking options.

Bottom Brackets Easily "Lock" Into Place

Panels Made of Durable Wire Mesh – 1 1/4" x 2 1/2" 10 ga. Welded Wire

Built-In Door Catch for Safety and Convenience
